SP@EZ DNATA INDUSTRY VISIT

8 May 2018 was a day of eye-opening learning journey for a privileged group of school principals from East Zone (SP@EZ) as with the joint collaboration between dnata and SAAA@Singapore, they visited dnata at Changi Airfreight Centre to listen on the airfreight industry as a whole and to learn about coolchain as well as a tour of the cold storage facilities.

The purpose of the visit was to gain valuable insights into how the airfreight industry is transforming and changing, as well as to increase awareness on how they can promote the industry and its career prospects to students through future educational systems or in existing programmes such as the Education and Career Guidance (ECG) programme.

BRINGING THE NATIONAL TRADE PLATFORM TO THE AIR FREIGHT COMMUNITY

Singapore Customs' National Trade Platform Office (NTPO) partnered the SAAA@Singapore for an outreach session on 21 June 2018 to share with association members on how the National Trade Platform (NTP) can bring about time and cost savings for their businesses.

NTPO staff updated the members that the business-to-government services are being released progressively on the NTP. From 20 June 2018 onwards, applications for four Customs eServices must be submitted through the NTP. (More information in this Singapore Customs notice: <http://bit.ly/CustomsNotice122018>).

Companies offering some of the trade-related value-added services such as e-track-and-trace for air freight and freight invoice consolidation were also present to share how these services can help to streamline air freight operations.

Register for an NTP account now and enjoy a free trial period (till 31 December 2018) of the NTP's services such as data repository and document exchange (www.ntp.gov.sg)

SAAA COMPLIANCE & ENFORCEMENT 2018

SAAA Compliance & Enforcement 2018 had concluded successfully on 7 August 2018 with the attendance of 70 participants from government agencies, shippers, education institutions and freight forwarders. The theme of the event was 'Equipment, Fauna, Flora, Essentials' and 'Trade and Cybersecurity'.

In his welcome address, SAAA@Singapore Chairman Mr Steven Lee highlighted on his belief that as a whole community, everyone can strive towards business excellence while ensuring compliance to regulations and to enforce on knowledge aspect to prevent potential disasters or issues from arising.

The event put the spotlight on eight key topics: Developments on U.S. Export Controls, Expectations of an End Use Check, Prohibited Telecommunication Equipment, Transporting Dangerous Goods by Air, Convention on International Trade in Endangered Species, Plant Health, Aviation Security Developments in Air Cargo and Cyber Security and the Aviation Industry.

Mr. Scott L. Anderson, Export Control Officer, Bureau of Industry and Security, United States Embassy Singapore, shared on the Developments on U.S. Export Controls which included the introduction of the various export control agencies, licensing processing time, sanctions and military controls. He also mentioned on the various types of end-use verifications and best practices, its importance and consequences.

Mr Yeo Yong Siah, Manager, Licensing, Telecommunications (Dealers and Equipment Registration), Info-communications Media Development Authority, presented on the import and selling of telecommunication equipment in Singapore, as well as the types of telecommunication dealer's licenses. He emphasized on the importance that importers, retailers, manufacturers intending to manufacture, import, let for hire, sell, or offer or possess for sale any telecommunication equipment must either apply or register for Telecommunication Dealer's Licence with IMDA.

Mr Ryan Fang, Senior Aviation Safety Inspector (Dangerous Goods), Airworthiness/Flight Operations Division, gave a presentation on regulations involved for handling of Dangerous Goods. He cited on relevant real life case studies to emphasize the importance of complying with regulatory requirements and minimizing the safety risks.

Mr Gavan Leong, Executive Manager, Quarantine & Inspection Group, Agri-Food & Veterinary Authority of Singapore (AVA), shared on the Endangered Species (Import & Export)

SAAA@Singapore 2018 Updates

Act, CITES permit requirements for CITES species and non-CITES wildlife species. CITES permits must be obtained prior to arrival and departure of CITES shipments.

Ms Noemi Gesmundo, Executive Manager, Quarantine & Inspection Group, AVA, presented on the Import requirements of Plants & Plant Products. Some of the documents required together with the Import permit from AVA (Cargo Clearance Permit) are the Phytosanitary certificate from the exporting country, Packing List, Airway Bill and CITES permit.

Mr Martin Siu, Assistant Director (Security Policy), International Relations, Ministry of Transport, shared that Singapore will implement a regulatory framework to strengthen security requirements for known consignors. He gave examples on the International scrutiny on shipper/consignor level security and concluded that Air cargo security is a collaborative effort.

Mr Tony Jarvis, Chief Strategist, Threat Prevention, APAC, Middle East & Africa, Check Point Holding (Singapore) Pte Ltd, spoke on Cyber Security and the Aviation Industry. He highlighted on the various ways of which attackers can target employees out of their office through attacking their personal email accounts, social engineering, file sharing applications, physical access/USB and zero day phishing websites.

Overall, SAAA Compliance & Enforcement 2018 has portrayed a clear message that companies need to comply with the various regulatory requirements, enforce on their best practices to prevent potential problems from arising and lastly, to continue striving for excellence.

TEMASEK POLYTECHNIC ORIENTATION VISIT TO CHANGI AIRFREIGHT CENTRE

Following from the eventful Memorandum of Understanding Signing Ceremony with Temasek Polytechnic (TP) on 26 February 2018, SAAA@Singapore worked together with Temasek Polytechnic on the Structured Freight Internship Programme. The member companies which participated in the Structured Freight Internship Programme are Panalpina World Transport (S) Pte Ltd, CTI Logistics Pte Ltd, On Time Worldwide Logistics Pte Ltd, Quickflo Logistics Pte Ltd and Clasquin Singapore Pte Ltd.

3 September 2018 marked the first day of the TP students' internship and SAAA@Singapore organized a half-day orientation of Changi Airfreight Centre, as well as a site visit to CTI Logistics Pte Ltd. The purpose is to educate the students on the various stakeholders residing within Changi Airfreight Centre and to expose them to the various career opportunities within Airfreight Industry.

LOGISTICS & CRANES CARNIVAL 2018

The Logistics & Cranes Carnival 2018, held on 6 October 2018 at the Trade Association Hub, was organised by the Logistics Alliance, Singapore Cranes Association and Workplace Safety and Health (WSH) Council.

The carnival saw close to 1,000 participants, including industry partners, supporting organisations, their families, friends and members of the public, coming down to enjoy the many food and games, as well as informational booths to help aspire students learn more about the current industry practices, as well as give them an insight as to the kind of systems and equipment utilized in the Logistics digitized industry.

SAAA@Singapore, as part of the Logistics Alliance, took part in the Logistics & Cranes Carnival 2018, which was graced by Minister of State, Ministry of National Development & Ministry of Manpower, Mr Zaqy Mohamad.

SAAA@Singapore had its very first toy forklift game at its booth and the attendees had the opportunity to win Flashpay cards through the game or hourly lucky draws. Hotel vouchers were also provided by the Association as door gifts for the visitors.

The Singapore Police Force also held an SGSecure demonstration, to showcase the potential threats to the Logistics and Transport service providers, and how such a situation can be dealt with.

This event was attended by Mr Steven Lee, SAAA Chairman, and Mr Benjamin Netto, SAAA Council Member.

SAAA@Singapore 2018 Updates

CYBER SECURITY & TRANSPORT LIABILITY

Brain Mae Pte Ltd, together with QBE Insurance (Singapore) Pte Ltd, organized the Cyber Security & Transport Liability 2018 at SAAA Training Centre on 16 October 2018.

The event was a sharing platform with SAAA members on the Cyber and Data Security (CDS) solution, as well as Transport Liability. The attendees had the opportunity to listen on various subjects such as the various data breaches, the types of attacks against users, Cybercrimes and Cyber insurance.

All in all, the session proved to be a fruitful discussion as members were able to seek advice on the transport liability and gain further insights in relevance to their job tasks.

SAAA FUN BOWLING TOURNAMENT 2018

The Changi Bowl at Changi Service Club@Changi was the stage for this year's SAAA Fun Bowling Tournament held on 25 November 2018. 20 teams from 13 organisations competed in the event. The competition was intense and Schenker Singapore (Pte) Ltd – Schenker's Incredi-bowl emerged victorious to clinch the title of being SAAA Bowling Champion 2018.

Ms Pauline Tok, Executive Director, SAAA@Singapore, presented the prizes to the winning teams. SAAA@Singapore would like to take this opportunity to congratulate Schenker Singapore

(Pte) Ltd for this achievement as well as to all winners. Congratulations and well done! Let's have fun again next year!

RESULTS

SAAA Bowling	Companies	Score
